DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The amended (i.e., corrected) drawings and Sequence Listing filed on March 29, 2010 have been received and entered. The reply is not fully responsive to the prior Office Action, however, because of the following omission(s) or matter(s). As previously discussed, the drawings must be amended to include a SEQ ID NO: for each sequence shown. Alternatively, the description of the drawings in the specification may be amended to include these SEQ ID NOS. Applicants have done neither. A complete reply is required. Applicants' reply was received in the Office on March 29, 2010, which is after the expiration of the period for reply set in the last Office Action mailed on January 5, 2010. This application will become abandoned unless applicant obtains an extension of time to reply to the last Office Action under 37 CFR 1.136(a). Extensions may be obtained until July 5, 2010, after which the application will become abandoned.
